

Leaf features: shape

Drip water on at least two different leaf shapes.

For each, draw the whole leaf shape, and the path of the water off the leaf.

Name: _____

Leaf features: surface texture

Drip water on one leaf and two kinds of fabric. Watch what happens.

Describe what happens to the water drop in each case (soaks in? how fast?).

Surface	What happens?
Leaf	
Soft, cotton fabric	
Plastic fabric
